

High Pressure Regulator CO2/Argon Mix & Nitrogen

GT225200

Application:

Mignon 2 gauge Pressure Regulator for CO₂, Argon mix & Nitrogen disposable cylinders for Mig/Mag welding machines.

Features:

- Suitable for: CO₂, Argon Mix and Nitrogen
- Safety valve in accordance with standard EN ISO 2503
- Pressure adjusting knob
- Overpressure exhaust device and high, and/or low pressure 40 diameter pressure gauge

Specifications:

- Inlet: M10 x 1 RH
- Outlet: 5mm tail
- Outlet Pressure: 400 kPa
- Flowrate: 1m³/hr

Where would we be without Gas?
