

POL LPG Cylinder

DC1800 & DC4500

Application:

Refillable LPG Cylinders for when Natural Gas is not available.

Specifications:

18kg - DC1800

- Complies with: HS Regulation 15.13 Design verification of cylinders
- Design Standard: DOT-4BW240
- Valve Connection: POL Valve
- Coating: Zinc and Powder painted
- Paint Code: 3
- Test Pressure: 3.3 mPa
- Empty Weight: 17.7kg
- Water Capacity: 43.65 L
- Height: 745mm
- Cylinder Diameter: 314mm

45kg - DC4500

- Complies with: HS Regulation 15.13 Design verification of cylinders
- Design Standard: AS 2470-2005 (R2016)
- Valve Connection: POL Valve
- Coating: Zinc and Powder painted
- Paint Code: 3
- Test Pressure: 3.3 mPa
- Empty Weight: 34.5kg
- Water Capacity: 108 L
- Height: 1255mm
- Cylinder Diameter: 368mm

18kg - DC1800

45kg - DC4500
